Longlining Raccoons & Conibears-Ron Hauser 3 hrs

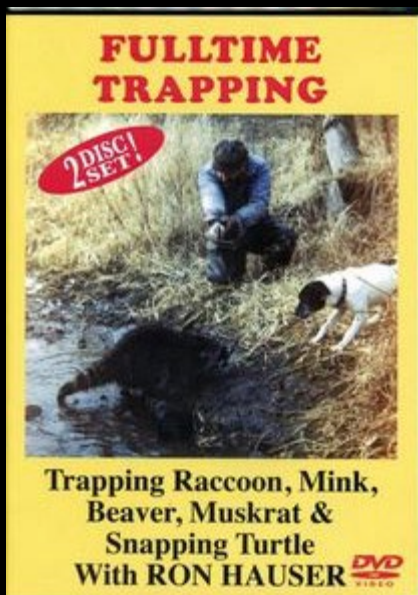

Length: 3 hours

By Ron Hauser. Join longline coon trapper Ron Hauser on his 2003-2004 dryland coon line, as he takes raccoon trapping one step farther than most, as he traps through the wooded valleys, ridges, prairies, lake and farm country of Southern Minnesota. Learn how to identify productive raccoon TRAVEL-WAYS, CROSSINGS and TRAILS at a glance. We get real specific on coon location, while avoiding non-target animals. Watch Hauser as he sets in a working conibear line on dryland coon trails as he explains and teaches you

fresh NON-TRADITIONAL information.
Approximately 3 hours (two video set).

Coon Mink Beaver Muskrat & Snapper Trapping 4 hrs

Length: 3 hours 45 minutes

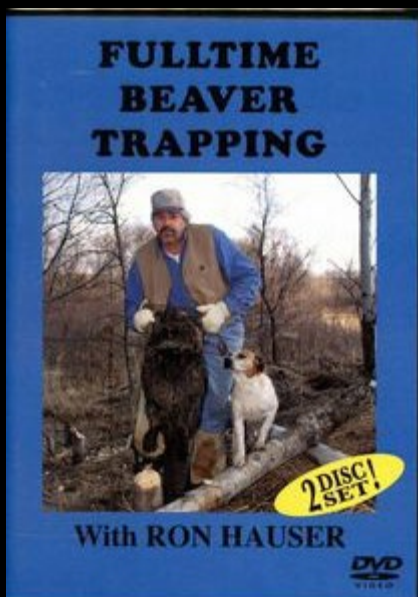

Ron Hauser's "Fulltime Trapping" VHS is a unique and diversified 2 part DVD set that covers more animals than most in a clear, audible classic style all its own. This video demonstrates the deadliest sets to catch more coon, mink, beaver, muskrat and snapping turtles using a variety of traps and sets.

Ron Hauser, veteran trapper of over 30 years welcomes you to his trapline, which has taken him to 8 states in all, catching all kinds of critters. Join him on his Minnesota trapline as he shows

you the many tricks that have proven successful and have helped him catch more than 70 raccoons in a day and 30+ mink on other days, plus additional rats and beavers in good numbers. See fall, winter, spring, plus summertime turtling and his fur finding trapline dog in action.

Your fur catch will be much larger after watching this 2 VHS tape set. 3 hours 45 minutes.

Fulltime Beaver Trapping with Ron Hauser 4.5 hrs.

Length: 4 hours 30 minutes

Ron Hauser grew up on the banks of the Minnesota River and was long lining beavers from his bicycle at age 13. The next 30-plus years he has trapped beaver for fur and bounty,

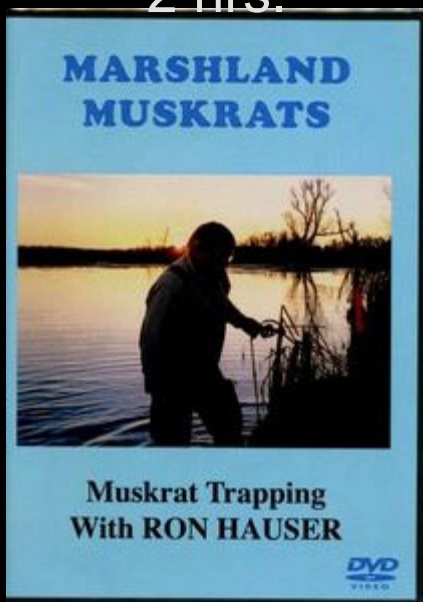

from the Canadian border to the cypress swamps of Mississippi, and a bunch of states in between. Ride along with Hauser as he takes you trapping in various habitats including the Beaver Mecca of the Minnesota River.

Any animal can easily be trapped in large numbers and Hauser shows you how it's done. While trapping the lakes, swamps, ponds, creeks and rivers you will learn to handle water fluctuations, steep banks, flat open banks, learn how to plan a longline away from home or out of state, 220's and footholds on land, the deadly artificial den set, baited, lured, and blind sets. Hauser also introduces you to the new Kressel adjustable conibear stabilizer. Features special guest Tom Ross trapping beaver under the ice, in Northern Minnesota. Lots of footage of beavers working the shorelines, feeding. For the first time in history, cameraman Travis Wachtel captures a beaver on film working a set and getting caught in a 330 conibear. Also included, identifying deer ticks and wood ticks, and fresh snapping turtle trapping footage. Hauser shows you how easy trapping beaver really is using a combination of traps and simple sets. With the price of beaver

climbing, NOW is the time to expand your knowledge. If trapping is the driving force in your life, this video is for you. Thirty-plus years of beaver trapping brought to you in FULLTIME BEAVER TRAPPING, catch the beaver fever now.

Approximately 4-1/2 hours. 2 DVD set.
